

General Critique, May 2007

### Scoring Analysis: 45 Participating Laboratories

Sample #	936	937	938	939	940
Sample Identification	RSV	No virus	Adeno 3	No virus	Parainfluenza virus, type 2
Titer Log 10 per ml	5.3	0	7.5	0	5.5
Laboratories Scoring 100%	44	44	45	43	44

Total Score For Panel	100%	80%	60%	40%	20%	0%
Participating Laboratories	40	5	0	0	0	0

The PT staff would like to thank all laboratories who have utilized the electronic submission process (EPTRS) for their efforts.

#### In future Virology PT events:

- Participants **MUST** enter responses in **ALL** fields when reporting electronically; scores may be adversely affected if there are blank fields.
- Also, in the “Virus Isolated” drop down menu, please select “No virus” if your intended answer is “No virus isolated.” The scoring algorithm does not recognize “No virus isolated” and your score may be affected.
- If you are using a confirmation method that detects and types a virus, it is expected that you will report the virus type.

Please Note: Participation in EPTRS became mandatory on June 1, 2007.

Laboratories must submit test results electronically click the “**Submit/Attest**” button on the EPTRS Summary Page.

#### **Requests for submitting results via paper**

If the Clinical Laboratory Evaluation Program (CLEP) is contacted prior to an event for permission to submit results via paper, this request may be approved under extenuating circumstances. However, the lack of active HPN accounts, the lack of submission roles, or the lack of Internet access will not excuse a laboratory from having to submit results electronically as multiple letters, monthly bulletins and emails have been sent to laboratory directors, laboratory contact persons, laboratory staff handling proficiency test samples and HPN account holders since June 19, 2006. Please note that if a laboratory does receive permission to submit results via paper from CLEP, then the paper results must be received by the due date as published:

<http://www.wadsworth.org/labcert/clep/PT/PTschedule.htm>

This due date is no longer a postmark date and is the same date as the deadline for electronic submissions! Without such approval from CLEP, mailed or faxed proficiency test results will no longer be acceptable and will result in a **failure for non-participation**.
