### APPLICATION for SECONDARY ACCREDITATION - SOLID AND CHEMICAL MATERIAL

Laboratory Name: \_\_\_\_\_

Number Street: \_\_\_\_\_

City, State, Zip: \_\_\_\_\_

If New York ELAP is your laboratory's secondary NELAC accreditor, please submit: \_\_\_ A current copy of your NELAC certificate of approval from your primary accrediting body.

To complete this form, please place an "A" in the line preceding each analyte name to indicate an addition to your scope of accreditation. If you wish to remove an analyte from your scope, place an "E" in the space preceding each analyte name. Also, please cite the determinant and/or prep method you wish to add or erase by using the "ELAP Method Number" listed in Certification Manual Item 180.3. For example, cite PCB-1016 by GC-ECD using EPA 8082 and EPA 3550B as "4304" and "4057".

In addition, please reference the page number where the analyte-method/technology is listed on your primary's certificates. An application that omits any of this information will be considered incomplete.

Is the application request for additions ("A") for NYS work (i.e, will analysis be performed on NYS samples)? \_\_\_ Y \_\_\_ N
