

Molecular-Machine-Shop

Date: Wednesday, Mar 8th, 2006, 4:05 pm.

Venue: Bioinformatics Collaboratory, CMS, 2nd floor.

Speaker: Terry Wagenknecht, DMM, Wadsworth Center

Title: "Structure of the Excitation-Contraction Coupling Machinery".

Applications of single-particle cryo-electron microscopy and cryo-electron tomography to the ryanodine receptor and associated proteins will be discussed in a "workshop" format.
