<u>SUBJECT</u>	<u>DATE</u>	<u>PAGE</u>	<u>ITEM NO.</u>
Proficiency Testing: Reports	01/27/26	1 of 2	328

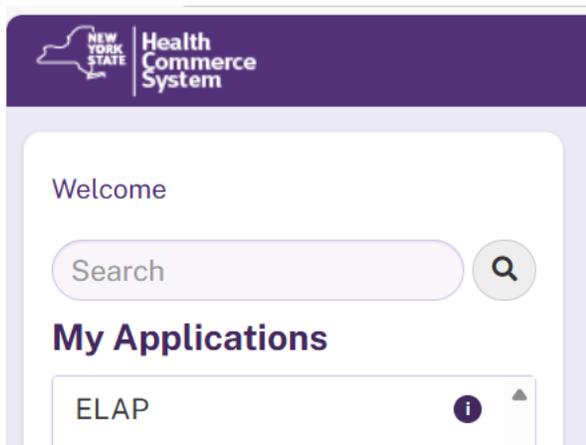

The NYSDOH Wadsworth Center proficiency test (PT) program does not limit the usage of PT reports by individuals or organizations. The PT program only distributes PT reports to participants and organizations selected by the participant laboratory for distribution. The request must be made prior to the close date (i.e., “website submission” date) of each study. Refer to Item No. 327 for the instructions on how to distribute reports to other Accrediting Bodies. The PT program can be contacted at (518) 473-3383 or [dehspt@health.ny.gov](mailto:dehspt@health.ny.gov).

NYSDOH ELAP will also accept PT study data from other ~~NELAC TNI~~ approved PT study providers. The scored data (report) must be sent to ELAP directly by the approved PT provider. ~~A list of approved PT providers is available at <https://nelac-institute.org/content/NEPTP/ptproviders.php>. Note that NYSDOH only provides PT for asbestos.~~

NYSDOH PT reports can be viewed and printed from a secure website. A laboratory must have a NYSDOH Health Commerce System (HCS) ~~Health Provider Network (HPN)~~ account to access the website. The website address is <https://commerce.health.state.ny.us>. ~~ELAP Certification Manual Item 131 provides instructions on requesting HCS access, see <https://www.wadsworth.org/regulatory/elap/requirements-for-laboratory-certification-certification>~~

~~Use the ELAP module in the HCS to access your laboratory’s records.~~
