Please follow the instructions carefully since submission of incomplete applications will delay processing and issuance of the registration. NOTE: You must enclose a $200.00 application fee payment with your application. Your check or money order should be made payable to: New York State Department of Health. The check or check stub should indicate the laboratory's name. This fee is non-refundable.

A. BACKGROUND AND GENERAL INFORMATION
The New York State Department of Health’s Clinical Laboratory Evaluation Program has been authorized under Section 579 of Article 5, Title V of the Public Health Law to provide oversight to facilities performing waived and/or provider-performed microscopy procedures in New York State. These facilities are considered Limited Service Laboratories and must register with the Department as described in this registration package in order to obtain a federal CLIA number and authorization to perform patient testing. Not-for-profit, state or local government laboratories or programs engaged in limited public health testing not exceeding fifteen types of test per registration may be eligible to apply for a multi-site CLIA number.

B. PHYSICIAN OFFICE EXCEPTION
The only facilities that are exempt from Limited Service Laboratory Registration are private physician office laboratories (POLs) operated by individual practitioners or as part of a legally constituted, independently owned and managed partnership or group practice, or the independent practice of a nurse practitioner operating under a practice agreement with a licensed physician. The tests performed must be conducted by the providers or by their own employees, utilizing their own reagents and instrumentation, solely as an adjunct to the practice of medicine for their patients. Laboratories that meet the criteria above for a POL must apply to the Physicians Office Laboratory Evaluation Program (POLEP) in order to receive a CLIA number. Information and applications may be obtained by calling POLEP at 518-485-5352.

Laboratories which are set up as a joint venture of several practitioners, partnerships or practices and practices which are owned, managed and/or operated by managed care organizations, hospitals or consulting firms do not qualify for the POL exemption and must obtain a Limited Service Laboratory Registration. If you have any question about whether a permit is required, contact our program at 518-402-4253 (voice), 518-449-6902 (fax), or via e-mail at: CLEPLtd@health.ny.gov

C. ADDITIONAL RESOURCES
Technical support is available from our program to assist Limited Service Laboratory staff in implementing a quality testing program within these facilities. An additional resource available to Limited Service Laboratory staff is a document published by the Centers for Disease Control and Prevention (CDC) in November 2005 entitled “Good Laboratory Practices for Waived Testing Sites.” This publication is available on the CDC website at: http://www.cdc.gov/mmwr/PDF/rrrrrr5413.pdf
