# **I. Introduction**

## **a. Background**

Each year, nearly 15,000 New Yorkers are diagnosed with breast cancer.

The Health Research Science Board (HRSB) makes funding recommendations to the Commissioner of Health following review of applications for breast cancer research studies and education projects. To support the funded projects, the state's Breast Cancer Research and Education Fund (the Fund) was initiated. The Fund is financed primarily by personal income tax check-off contributions and donations. In addition, the Fund receives fifty percent of the proceeds from the sale of "Drive for the Cure" specialty license plates. Since 2002, those funds are matched by the state each year, essentially doubling funds available for breast cancer research and education awards. Since 1996, the Fund has received in excess of \$11.50 million from over 800,000 contributions and over \$22 million has been awarded.

The HRSB also supports activities related to studying the possible links between exposure to pesticides and breast cancer, including review of researcher applications requesting confidential data from the Pesticide Registry maintained by the State Department of Environmental Conservation. The HRSB Biennial Reports and other useful information can be found at: <https://www.wadsworth.org/extramural/breastcancer>.

The New York State Department of Health, Wadsworth Center, Extramural Grants Administration Program (Program) provides administrative support for the HRSB and the Fund.

## **b. Purpose of the Funds**

The HRSB wishes to stimulate and support research related to breast cancer biology, causation, prevention, detection or screening, treatment (including treatment of its effects), survivorship or cure. Any investigative approach appropriate to the application topic may be pursued, including, but not limited to, basic, translational, clinical, demographic, mapping, epidemiological, environmental, behavioral or psychosocial research.

## **c. Available Funds**

The number of awards will be contingent upon the quality of the applications received as well as the size and scope of the proposed projects. Approximately \$2.16 million is available to support approximately five to seven awards from this Request for Applications (RFA). The funding is for a period of up to two years. The annual direct costs for a single award are capped at \$150,000 per year. Additionally, funds will be available to support Facilities and Administrative (F&A) costs up to 20 percent of modified total direct costs. Based on its assessment that the field is ready to pursue additional investigations, the HRSB may determine that additional funds should be made available under this RFA to support additional awards.

# **II. Who May Apply**

**The applicant must be a not-for-profit organization or governmental organization in New York State.** Awarded organizations will be expected to monitor the use of funds, maintain individual accounts and fulfill other fiscal management criteria. Subcontracting and collaborating organizations may include public, not-for-profit and for-profit entities within or outside of New York State.

The eligible Principal Investigator/Project Director (PI/PD) is designated by the application organization, has the skills, knowledge, and resources necessary to carry out the proposed Workplan, and is not a postdoctoral fellow or other dependent research staff.

An eligible organization is not limited to the number of applications it can submit in response to this RFA provided that each application is scientifically distinct. However, the eligible PI/PD may submit only one application in response to this RFA, regardless of the organization under which (s)he submits the applications. If an eligible PI/PD submits more than one application, all applications from that PI/PD will be disqualified and will not be forwarded to peer review.

Eligibility to apply also includes the following mandatory items:

- The PI/PD is not restricted from receiving Public Health Service (PHS) funding or debarred by the United States Food and Drug Administration (FDA) or any other federal or New York State government entity
- The applicant organization is Prequalified in the NYS Grants Gateway, if not exempt (see RFA Section IV. M.)
- The PI/PD has not submitted more than one application
- The application does not propose support for a research center
- The application does not propose support for a Phase III clinical trial
- The application does not propose expansion of enrollment for an ongoing clinical trial

Submission of an application certifies that the applicant organization and the PI/PD meet the eligibility criteria stated here.

### **III. Project Narrative/Work Plan Outcomes**

The Rowley mechanism provides researchers the opportunity to try new methods and approaches in breast cancer research. These projects are self-contained research projects. They are not intended to fund smaller components of larger research projects, solely for data collection, for incremental or correlative research aims, or for compression of a larger project into a smaller time frame.

Responsive applications include the following projects:

- highly speculative, exploratory, or high-risk – may not have preliminary data, but have the potential for high scientific payoff
- application or development of state-of-the-art technologies, tools or resources for breast cancer research
- innovative or developmental – focus on exceptionally promising topics and have some pilot data, but not yet sufficiently mature to compete successfully for funding for a full-scale study
- testing new hypotheses based on research grounded in a non-breast cancer research area

The HRSB seeks to fund research projects in which there is a high likelihood that the results will yield the opportunity to apply for future funding from other sources. NOTE: Funded projects shall not include program implementation which goes beyond the contract period; the contractor should plan to pursue other sources of funding for future implementation or further examination.

Applicants may subcontract components of the scope of work. For those applicants that propose subcontracting, it is preferable to identify subcontracting agencies during the application process. Applicants that plan to subcontract are expected to state in the application the specific components of the scope of work to be performed through subcontracts. Applicants should note that the lead organization (contractor) will have overall responsibility for all contract activities, including those performed by subcontractors, and will be the primary contact for the NYSDOH. All subcontractors should be approved by the Department of Health.

## IV. Administrative Requirements

### A. Issuing Agency

Please note that you will receive an error message when uploading the letter into the application as other Pre-Submission uploads are not due until the application is submitted. The file name should include applicant organization and PI/PD name. A copy should also be emailed to [hrrsb@health.ny.gov](mailto:hrrsb@health.ny.gov). The Letter of Intent should be submitted by the date posted on the cover of the RFA. Please ensure that the RFA number is noted in the subject line.

Submission of a letter of intent is not a requirement or obligation upon the applicant to submit an application in response to this RFA. Applications may be submitted without first having submitted a letter of intent.

### **D. Applicant Conference**

Potential applicants are strongly encouraged to participate in the applicant conference to receive an overview of the RFA and ask specific questions. The conference will be held via webinar (WebEx) only on the date and time posted on the cover sheet of this RFA. The Department requests that potential applicants register for this conference by emailing [hrrsb@health.ny.gov](mailto:hrrsb@health.ny.gov). The Department will send a confirmation email with instructions for joining the conference to all registrants. The deadline for reservations is posted on the cover of this RFA.

Applicants unable to participate in the webinar will have the option to view the applicant conference slides at their convenience. The applicant conference slides will be posted with the Questions and Answers document on the NYS Grants Gateway website at:

<https://grantsgateway.ny.gov> by the date posted on the cover of this RFA. Failure to attend the applicant conference will not preclude the submission of an application.

### **E. How to file an application**

Applications must be submitted online via the Grants Gateway by the date and time posted on the cover of this RFA. Reference materials and videos are available for Grantees applying to funding opportunities on the NYS Grants Gateway. Please visit the Grants Management website at the following web address: <https://grantsmanagement.ny.gov/> and select the “Apply for a Grant” from the Apply & Manage menu. There is also a more detailed “Grants Gateway: Vendor User Guide” available in the documents section under Training & Guidance; For Grant Applicants on this page as well. Training webinars are also provided by the Grants Gateway Team. Dates and times for webinar instruction can be located at the following web address:

<https://grantsmanagement.ny.gov/live-webinars>.

To apply for this opportunity:

1. Log into the [Grants Gateway](#) as either a “Grantee” or “Grantee Contract Signatory”.
2. On the Grants Gateway home page, click the “View Opportunities” button”.
3. Use the search fields to locate an opportunity; search by State agency (NYSDOH) or enter the Grant Opportunity name **PETER T. ROWLEY BREAST CANCER SCIENTIFIC RESEARCH PROJECTS ROUND 7**.
4. Click on “Search” button to initiate the search.
5. Click on the name of the Grant Opportunity from the search results grid and then select the “APPLY FOR GRANT OPPORTUNITY” button located bottom left of the Main page of the Grant Opportunity.

Once the application is complete, prospective grantees are **strongly encouraged** to submit their applications at least 48 hours prior to the due date and time. This will allow sufficient opportunity for the applicant to obtain assistance and take corrective action should there be a technical issue with the submission process. **Failure to leave adequate time to address issues identified during this process may jeopardize an applicant’s ability to submit their application.** Both NYSDOH and Grants Gateway staff are available to answer applicant’s technical questions and provide technical assistance prior to the application due date and time. Contact information for the Grants Gateway Team is available under Section IV. B. of this RFA.

**PLEASE NOTE:** Although NYSDOH and the Grants Gateway staff will do their best to address concerns that are identified less than 48 hours prior to the due date and time, there is no guarantee that they will be resolved in time for the application to be submitted and, therefore, considered for funding.

The Grants Gateway will always notify applicants of successful submission. If a prospective grantee does not get a successful submission message assigning their application a unique ID number, it has not successfully submitted an application. During the application process, please pay particular attention to the following:

- Not-for-profit applicants must be prequalified on the due date for this application submission. Be sure to maintain prequalification status between funding opportunities. Three of a not-for-profit’s essential financial documents - the IRS990, Financial Statement and Charities Bureau filing - expire on an annual basis. If these documents are allowed to expire, the not-for-profit’s prequalification status expires as well, and it will not be eligible for State grant funding until its documentation is updated and approved, and prequalified status is reinstated.
- Only individuals with the roles “Grantee Contract Signatory” or “Grantee System Administrator” can submit an application.
- Prior to submission, the system will automatically initiate a global error checking process to protect against incomplete applications. An applicant may need to attend to certain parts of the application prior to being able to submit the application successfully. Be sure to allow time after pressing the submit button to clean up any global errors that may arise. You can also run the global error check at any time in the application process. (see p.68 of the Grants Gateway: Vendor User Guide).
- Grantees should use numbers, letters and underscores when naming their uploaded files. There cannot be any special characters in the uploaded file name. Also, be aware of the restriction on file size (10 MB) when uploading documents. Grantees should ensure that any attachments uploaded with their application are not “protected” or “pass-worded” documents.

The following table will provide a snapshot of which roles are allowed to Initiate, Complete, and Submit the Grant Application(s) in the Grants Gateway.

Role	Create and Maintain User Roles	Initiate Application	Complete Application	Submit Application	Only View the Application
Delegated Admin	X				
Grantee		X	X		
Grantee Contract Signatory		X	X	X	
Grantee Payment Signatory		X	X		
Grantee System Administrator		X	X	X	
Grantee View Only					X

**PLEASE NOTE: Waiting until the last several days to complete your application online can be dangerous, as you may have technical questions. Beginning the process of applying as soon as possible will produce the best results.**

Late applications will not be accepted. **Applications will not be accepted via fax, e-mail, hard copy or hand delivery.**

- A final cumulative progress report in accordance with the forms and formats provided by the Extramural Grants Administration, no later than 60 days after the end of the contract term.

All payment and reporting requirements will be detailed in Attachment D of the final NYS Master Contract for Grants.

## **I. Minority & Woman-Owned Business Enterprise Requirements**

Pursuant to New York State Executive Law Article 15-A, the New York State Department of Health (“NYSDOH”) recognizes its obligation to promote opportunities for maximum feasible participation of certified minority- and women-owned business enterprises and the employment of minority group members and women in the performance of NYSDOH contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" (“Disparity Study”). The report found evidence of statistically significant disparities between the level of participation of minority- and women-owned business enterprises in state procurement contracting versus the number of minority- and women-owned business enterprises that were ready, willing

and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that NYSDOH establish goals for maximum feasible participation of New York State Certified minority- and women-owned business enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

### **Business Participation Opportunities for MWBEs**

For purposes of this solicitation, the New York State Department of Health hereby establishes a goal of **30%** as follows:

- 1) For Not-for-Profit Applicants: Eligible Expenditures include any subcontracted labor or services, equipment, materials, or any combined purchase of the foregoing under a contract awarded from this solicitation.
- 2) For-Profit and Municipality Applicants: Eligible Expenditures include the value of the budget in total.

The goal on the eligible portion of this contract will be 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs and outreach efforts to certified MWBE firms). A contractor (“Contractor”) on the subject contract (“Contract”) must document good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and Contractor agrees that NYSDOH may withhold payment pending receipt of the required MWBE documentation. For guidance on how NYSDOH will determine “good faith efforts,” refer to 5 NYCRR §142.8.

The directory of New York State Certified MWBEs can be viewed at:

<https://ny.newnycontracts.com>. The directory is found on this page under “NYS Directory of Certified Firms” and accessed by clicking on the link entitled “Search the Directory”. Engaging with firms found in the directory with like product(s) and/or service(s) is strongly encouraged and all communication efforts and responses should be well documented.

By submitting an application, a grantee agrees to complete an MWBE Utilization plan as directed in **Attachment 10** of this RFA. NYSDOH will review the submitted MWBE Utilization Plan. If the plan is not accepted, NYSDOH may issue a notice of deficiency. If a notice of deficiency is issued, Grantee agrees that it shall respond to the notice of deficiency within seven (7) business days of receipt. NYSDOH may disqualify a Grantee as being non-responsive under the following circumstances:

- a) If a Grantee fails to submit a MWBE Utilization Plan;
- b) If a Grantee fails to submit a written remedy to a notice of deficiency;
- c) If a Grantee fails to submit a request for waiver (if applicable); or
- d) If NYSDOH determines that the Grantee has failed to document good-faith efforts to meet the established NYSDOH MWBE participation goals for the procurement.

In addition, successful awardees will be required to certify they have an acceptable Equal Employment Opportunity policy statement.

## **J. Limits on Administrative Expenses and Executive Compensation**

On July 1, 2013, limitations on administrative expenses and executive compensation contained within Governor Cuomo's Executive Order #38 and related regulations published by the Department (Part 1002 to 10 NYCRR – Limits on Administrative Expenses and Executive Compensation) went into effect. Applicants agree that all state funds dispersed under this procurement will, if applicable to them, be bound by the terms, conditions, obligations and regulations promulgated by the Department. To provide assistance with compliance regarding Executive Order #38 and the related regulations, please refer to the Executive Order #38 website at: <http://executiveorder38.ny.gov>.

## **K. Vendor Identification Number**

Effective January 1, 2012, in order to do business with New York State, you must have a vendor identification number. As part of the Statewide Financial System (SFS), the Office of the State Comptroller's Bureau of State Expenditures has created a centralized vendor repository called the New York State Vendor File. In the event of an award and in order to initiate a contract with the New York State Department of Health, vendors must be registered in the New York State Vendor File and have a valid New York State Vendor ID.

If already enrolled in the Vendor File, please be sure the Vendor Identification number is included in your organization information. If not enrolled, to request assignment of a Vendor Identification number, please submit a New York State Office of the State Comptroller Substitute Form W-9, which can be found on-line at: [http://www.osc.state.ny.us/vendor\\_management/forms.htm](http://www.osc.state.ny.us/vendor_management/forms.htm).

Additional information concerning the New York State Vendor File can be obtained on-line at: [http://www.osc.state.ny.us/vendor\\_management/index.htm](http://www.osc.state.ny.us/vendor_management/index.htm), by contacting the SFS Help Desk at 855-233-8363 or by emailing at [helpdesk@sfs.ny.gov](mailto:helpdesk@sfs.ny.gov).

## **L. Vendor Responsibility Questionnaire**

The New York State Department of Health strongly encourages that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. The Vendor Responsibility Questionnaire must be updated and certified every six (6) months. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at <https://www.osc.state.ny.us/state-vendors/vendrep/file-your-vendor-responsibility-questionnaire> or go directly to the VendRep system online at <https://www.osc.state.ny.us/state-vendors/vendrep/vendrep-system>.

Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact the Office of the State Comptroller's Help Desk at 866-370-4672 or 518-408-4672 or by email at [ciohelpdesk@osc.state.ny.us](mailto:ciohelpdesk@osc.state.ny.us).

Applicants opting to complete online should complete and upload the Vendor Responsibility

Attestation (Attachment 9) of the RFA. The Attestation is located under Pre-Submission uploads and once completed should be uploaded in the same section.

Applicants opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the VendRep website, [www.osc.state.ny.us/vendrep](http://www.osc.state.ny.us/vendrep), or may contact the Office of the State Comptroller's Help Desk for a copy of the paper form and upload it with their Application in the Pre-Submission uploads section in place of the Attestation.

## **M. Vendor Prequalification for Not-for-Profits**

All not-for-profit vendors subject to prequalification are required to prequalify prior to grant application and execution of contracts.

Pursuant to the New York State Division of Budget Bulletin H-1032, dated July 16, 2014, New York State has instituted key reform initiatives to the grant contract process which requires not-for-profits to register in the Grants Gateway and complete the Vendor Prequalification process in order for applications to be evaluated. Information on these initiatives can be found on the [Grants Management Website](#).

**Applications received from not-for-profit applicants that have not Registered and are not Prequalified in the Grants Gateway on the application due date listed on the cover of this RFA cannot be evaluated. Such applications will be disqualified from further consideration.**

Below is a summary of the steps that must be completed to meet registration and prequalification requirements. The [Vendor Prequalification Manual](#) on the Grants Management Website details the requirements and an [online tutorial](#) are available to walk users through the process.

### **1) Register for the Grants Gateway**

- On the Grants Management Website, download a copy of the [Registration Form for Administrator](#). A signed, notarized original form must be sent to the NYS Grants Management office at the address provided in the submission instructions. You will be provided with a Username and Password allowing you to access the Grants Gateway.

## **V. Completing the Application**

### **A. Application Format/Content**

Please refer to the Grants Gateway: Vendor User Guide for assistance in applying for this procurement through the NYS Grants Gateway. This guide is available on the Grants Management website at: <https://grantsmanagement.ny.gov/vendor-user-manual>. Additional information for applicants is available at: <https://grantsmanagement.ny.gov/resources-grant-applicants>.

**Also, you must use Internet Explorer (11 or higher) or Microsoft Edge to access the Grants Gateway. Using Chrome or Firefox causes errors in the Work Plan section of the application.**

ALL APPLICATIONS SHOULD CONFORM TO THE FORMAT/CONTENT PRESCRIBED in Attachment 2 – Application Checklist and Instructions. POINTS WILL BE DEDUCTED FROM APPLICATIONS WHICH DEVIATE FROM THE PRESCRIBED FORMAT.

It is the applicant's responsibility to ensure that all materials to be included in the application have been properly prepared and submitted. Applications must be submitted via the Grants Gateway by the date and time posted on the cover of this RFA. The value assigned to each section is an indication of the relative weight that will be given when scoring your application.

### **B. Freedom of Information Law**

All applications may be disclosed or used by NYSDOH to the extent permitted by law. NYSDOH may disclose an application to any person for the purpose of assisting in evaluating the application or for any other lawful purpose. All applications will become State agency records, which will be available to the public in accordance with the Freedom of Information Law. **Any portion of the application that an applicant believes constitutes proprietary information entitled to**

**confidential handling, as an exception to the Freedom of Information Law, must be clearly and specifically designated in the application.** If NYSDOH agrees with the proprietary claim, the designated portion of the application will be withheld from public disclosure. Blanket assertions of proprietary material will not be accepted, and failure to specifically designate proprietary material may be deemed a waiver of any right to confidential handling of such material.

### **C. Review & Award Process**

Applications meeting the guidelines set forth above will first be examined against mandatory Pass/Fail requirements by EGA staff (see RFA Attachment 2). Applications that do not meet the mandatory requirements will not be considered for review, and the applicant organization and PI/PD will be notified.

Applications with minor issues (missing information that is not essential to timely review and would not impact review scores) MAY be processed, at the discretion of the State, but all issues need to be resolved prior to time of award. An application with unresolved issues at the time award recommendations are made will be determined to be non-responsive and will be disqualified.

The Department contracts with an independent peer review organization to develop and coordinate the review and scoring of applications. Each eligible application will be evaluated by an Independent Peer Review Panel (the Review Panel) assigned by the Peer Review Contractor. The Review Panel members will be selected from among non-New York State experts in the fields appropriate to the nature of the applications received. The HRSB has determined that a knowledgeable breast cancer survivor will serve as an assigned reviewer on each application. The Peer Review Contractor has established a standing Review Panel to which expertise is added to evaluate the merit of actual applications submitted in response to the RFA.

Applications will be reviewed based on the criteria specified in RFA Section V.E. Initially, a subcommittee of the Review Panel consisting of three peer reviewers will consider each application. The subcommittee of the Review Panel will use an established combination of processes to evaluate each application:

1. pre-meeting review with adjectival scoring (see table below)
2. online conferral among assigned reviewers
3. triage\* based on adjectival scores of assigned reviewers for one criterion (see Section V.E. below)
4. panel meeting discussion via teleconference, videoconference or in-person (review method chosen at the discretion of the Department) with numerical scoring (see table below).

\*Applications that are triaged (receive an adjectival score of Satisfactory or worse from each assigned reviewer for the criterion identified in Section V.E.) will not receive adjectival scores, no integers or weighting will be applied, and the application will not be further reviewed for compliance penalties.

Applications that are not triaged prior to panel meeting discussion will receive numerical scores from each participating panel member for each evaluation criterion using an integer scale that

equates to adjectival scores, where 1 equates to highest merit and 9 equates to lowest merit. Review panel members' individual numeric scores given to each criterion will be totaled and divided by the number of panel members who scored the application for that criterion, then multiplied by that criterion's weight and rounded to one decimal place to give an overall panel score for the application.

	Numerical Score	Adjectival Score	Guidance
<b>HIGH</b>	1	Exceptional	Exceptionally strong with essentially no weaknesses
	2	Outstanding	Extremely strong with negligible weaknesses
	3	Excellent	Very strong with only some minor <sup>a</sup> weaknesses
<b>MEDIUM</b>	4	Very Good	Strong but with numerous minor weaknesses
	5	Good	Strong but with at least one moderate <sup>b</sup> weakness
	6	Satisfactory	Some strengths but also some moderate weaknesses
<b>LOW</b>	7	Fair	Some strengths but with at least one major <sup>c</sup> weakness
	8	Marginal	A few strengths and a few major weaknesses
	9	Poor	Very few strengths and numerous major weaknesses

<sup>a</sup>**Minor weakness:** An easily addressable weakness that does not substantially lessen merit and/or the expected successful completion of the overall project

<sup>b</sup>**Moderate weakness:** A weakness that lessens merit and/or the expected successful completion of the overall project

<sup>c</sup>**Major weakness:** A weakness that severely limits merit and/or the expected successful completion of the overall project

The Review Panel will comment on the responsiveness of the application to the funding mechanism as described in RFA Section III. The Review Panel will identify potential overlap with other resources/projects. Additionally, the Review Panel will comment on the application with regard to the Contract Policy Statements and Conditions (NYS Master Grant Contract Attachment A-1 Part B). The Review Panel may recommend administrative review and resolution prior to contract execution. Award recommendations made by the HRSB may be contingent upon the applicant's acceptance of reductions or required revisions.

The primary reviewer will prepare a written evaluation of each assigned application that is discussed by the Review Panel. Each assigned reviewer will provide a written critique of the application based on the established evaluation criteria.

#### **D. Application Format, Penalties and Summary Statements**

It is the applicant's responsibility to ensure that all materials to be included in the application have

been properly prepared and submitted. ALL APPLICATIONS SHOULD CONFORM TO THE FORMAT/CONTENT PRESCRIBED IN RFA ATTACHMENT 2. The Peer Review Contractor will assess a penalty of 0.1 point for any application that deviates from the instructions (see Application Checklist and Instructions, RFA Attachment 2).

The Peer Review Contractor will calculate final scores for the research project and compile a Summary Statement for each application for the HRSB. The Summary Statements will document the merit evaluation and serve as the primary basis for the panel recommendation for the applications.

## **E. Review Criteria**

The Review Panel will score each application based on the following four criteria. The value assigned to each section is an indication of the respective weight that will be given when scoring an application.

Scoring ties will be resolved on the basis of the above and with consideration of the score for “Research Plan” and among those applications involved in the tie. If there is still a tie after this tie breaker, then the next tie breaker will be the “Impact” score, then the “Innovation” score.

### ***Research Plan (40% - triage criterion)***

- To what extent are the overall strategy, proposed methods and analyses well-reasoned and the most appropriate to accomplish the specific aims of the project within the award period?
- Are the uses of human subjects, vertebrate animals and recombinant DNA appropriate to the overall goals of the project?
- Are potential problems discussed and alternative strategies provided?
- Are the knowledge, skills, research tools and experiences of the research team well-suited to the proposed work?
  - For early stage investigators, do they have appropriate training and experience?
  - For established investigators, have they demonstrated a track record of achievements advancing the field?
  - Are other team members appropriate for their roles in the project?
- Does the PI’s/PD’s (and if applicable the Co-PI’s/Co-PD’s) commitment and the overall research environment contribute to the likelihood of success?
- To what extent are the scientific resources, equipment and organizational support available to investigators adequate for the proposed work?

### ***Impact (20%)***

- To what extent is the project one or more of the following:
  - high risk/high reward, and/or
  - address an important under- or un-explored area of breast cancer research?
- To what extent will the project, if successfully completed, do one or more of the following:
  - open a new area of investigation,
  - satisfactorily test a novel or innovative hypothesis,
  - make an original and important contribution to prevention, treatment (including treatment of its effects), survivorship or cure for breast cancer, and/or
  - produce viable data for preparation of a full-scale research application to another organization?
- To what extent will the project lead to a useful outcome, even if the central hypothesis is disproved?

### ***Innovation (20%)***

- To what extent is the project innovative, based on one or more of the following:
  - basic concepts and hypotheses are speculative or exploratory,
  - applies or develops state-of-the-art technologies, methods, tools or resources to breast cancer research or clinical practice, and/or
  - develops new paradigms or challenges existing paradigms of current research or clinical practice?

### ***Budget (20%)***

- Are the items for each budget line explained?
- Are budget line items adequately justified as necessary for successful completion of the project?
- Are the budgeted amounts reasonable, cost-effective and appropriate to accomplish the research aims/goals, tasks and performance measures?
- Are there specific excessive or unnecessary budget items?

NOTE: the entire Review Panel will review and comment on, but not score the budget. Numeric scores for the Budget will be provided only by the assigned reviewers.

## **F. Health Resource Scientific Board Review**

The HRSB will consider research applications that receive a final score (after penalties are assessed) of 1.0 through 5.9. The HRSB will not consider applications that receive a final score of 6.0 to 9.0.

The HRSB will discuss the application strengths and weaknesses, administrative and budget recommendations as outlined in the reports of the Review Panel. When making funding recommendations, the HRSB will consider Review Panel scores and recommendations, responsiveness to the mission of the HRSB, responsiveness to the RFA, programmatic balance and availability of funds. The HRSB may vote in favor or against any application submitted for funding. If an application for which there are available funds is not recommended for funding, the HRSB will fully justify in writing why the application was not approved. The HRSB will vote on each application that scores 5.9 or better until available funds are exhausted and in compliance with HRSB bylaws as well as applicable New York State laws and regulations.

The HRSB may elect, at its discretion, to continue making recommendations for possible funding of proposals beyond what is available for the funding mechanism and the RFA. These applications will be given the status “Approved, but not funded.” “Approved, but not funded” applications may be funded should additional funds become available.

The HRSB will make recommendations for funding to the Commissioner of Health.

## **G. Award Decisions and Pre-Funding Requirements**

Grant award contracts are entered into between New York State applicant organizations and the New York State Department of Health. Funding is contingent upon full execution of a contract between the applicant organization and the New York State Department of Health and approval by the Commissioner of Health, State Attorney General and State Comptroller.

Following the Commissioner's approval of awards, PIs/PDs and their applicant organizations will receive formal notification in writing.

Prior to contract execution, program administrators will require resolution/submission/confirmation of the following items, as relevant to each application:

- Revisions to Workplan, project duration or budget
- Overlap
- Areas of possible concern with regard to Contract Policy Statements and Conditions (NYS Master Grant Contract Attachment A-1 Part B)
- Approved F&A Cost Rate

Once an award has been made, all applicants (whether their application was funded or not funded) may request a debriefing of their application. Please note the debriefing will be limited only to the subject application and will not include any discussion of other applications. Requests must be received no later than fifteen (15) business days from date of award or non-award announcement.

To request a debriefing, please send an email to [hrsb@health.ny.gov](mailto:hrsb@health.ny.gov). In the subject line, please write: *Debriefing Request (Peter T. Rowley Rd 7 RFA)*.

In the event unsuccessful applicants wish to protest the award resulting from this RFA, applicants should follow the protest procedures established by the Office of the State Comptroller (OSC). These procedures can be found on the OSC website at <http://www.osc.state.ny.us/agencies/guide/MyWebHelp>.

## **H. Award Announcements**

HRSB makes public in press releases and annual reports to the Governor and Legislature, the project title, the PI/PD, the name of the organization, total projects costs and duration. The project abstracts and progress report abstracts may also be edited and made public.
