| Hartford town         | 5                 | 4                       | (1 - 9)       | 21                      | (11 - 33)     |
| Hebron town           | 6                 | 4                       | (1 - 9)       | 25                      | (13 - 37)     |
| Jackson town          | 13                | 24                      | (17 - 34)     | 61                      | (51 - 71)     |
| Kingsbury town        | 23                | 2                       | (1 - 4)       | 14                      | (9 - 20)      |
| Putnam town           | 7                 | 2                       | (1 - 5)       | 14                      | (5 - 25)      |
| Salem town            | 18                | 16                      | (11 - 23)     | 51                      | (42 - 60)     |
| White Creek town      | 11                | 13                      | (8 - 21)      | 47                      | (36 - 58)     |
| Whitehall town        | 4                 | 4                       | (2 - 9)       | 20                      | (10 - 32)     |
| Washington County 200 |                   | 10                      |               | 33                      |               |

\*Long-term measurement, 90 days to one year.

\*\*Short-term measurement, typically 2 to 7 days.

# Uncertainty range of one sigma corresponds to a 68% confidence interval.
