SPINAL CORD INJURY RESEARCH BOARD
Regular Business Meeting
January 24, 2020
10:00 AM to 4:00 PM
ADOPTED

Locations
NYS DOH, Metropolitan Area Regional Office, Conference Room 4B, 90 Church Street, New York, NY
NYS DOH, Wadsworth Center, Biggs Laboratory, Sturman Conference Room, Albany, NY
University of Rochester, School of Medicine & Dentistry, 601 Elmwood Avenue, Rochester, NY

SCIRB Members Present
Donald S. Faber, Ph.D., Vice Chair
Bernice Grafstein, Ph.D., D.Sc.(hon.)
Keith Gurgui
Nancy A. Lieberman
Lorne Mendell, Ph.D., Chair
Gary D. Paige, M.D., Ph.D.
Kristjan T. Ragnarsson, M.D.
Fraser J. Sim, Ph.D.
Adam B. Stein, M.D.

SCIRB Members Absent
Anthony O. Caggiano, M.D., Ph.D.
Michael E. Goldberg, M.D.

NYS DOH Staff Present
Teresa Ascienzo
Valerie Bolivar, Ph.D.
George Cotich, Jr.
Victoria Derbyshire, Ph.D., Executive Secretary
Andrea Garavelli
Jonathan B. Karmel
Kerri Kluetzman, Ph.D.
Farrah M. O’Brien
Brian Rourke
Jeannine Tusch
Carlene Van Patten

Members of the Public
Kaitlyn MacLeod

Call to Order and Opening Remarks of the Chair
The meeting was called to order at 10:15 a.m. with a welcome by Chair, Lorne Mendell, Ph.D., followed by introductions of New York State Spinal Cord Injury Research Board (SCIRB) members, members of the public and the New York State Department of Health (DOH) staff. Note, two (2) board members were absent and there is one (1) gubernatorial vacancy and one (1) vacancy to be filled by legislative leadership.

Board Membership
Dr. Mendell said that Dr. Thomas Bryce, M.D., Ph.D., has resigned from the SCIRB (effective September 19, 2019) and that the Commissioner of Health thanked him for his dedicated service over the past five (5) years, and the SCIRB wishes him all the best on his future endeavors.

Consideration of September 13, 2019 Meeting Minutes
Dr. Mendell asked the SCIRB to consider Exhibit 1, the minutes from the September 13, 2019 meeting.
Dr. Mendell said that at the last meeting, a question was asked if Board members could be appointed to the SCIRB if they lived outside of New York State and the answer is new candidates must be New York State residents to be considered for membership moving forward.

**ACTION**

Bernice Grafstein, Ph.D., D.Sc.(hon.) made a motion to approve the minutes as presented. Vice Chair, Donald S. Faber, Ph.D., seconded.

A roll call vote was taken, and the minutes were unanimously approved (9-0).

**Projects to Accelerate Research Translation (PART) and Innovative, Developmental or Exploratory Activities in Spinal Cord Injury (Round 4) Request for Applications (RFA)**

Andrea Garavelli provided an overview of the applications received in response to this RFA; the procurement timeline is bulleted below:

- The RFA was approved by the SCIRB and then it was issued on April 25, 2019,
- Prospective applicants were given a period of eight (8) weeks to prepare and submit their applications,
- Twenty-nine (29) applications were submitted by the deadline,
- Independent peer review of the applications was held in September 2019,
- The RFA made $5 million available to fund approximately 5-14 awards,
- The contracts are expected to begin on July 1, 2020 for a term of three (3) years for PART awards and two (2) years for IDEA awards.

**Translational Research Projects (TRP) in Spinal Cord Injury (Round 3) RFA**

Ms. Garavelli provided an overview of the applications received in response to this RFA; the procurement timeline is bulleted below:

- The RFA was approved by the SCIRB and then it was issued on April 29, 2019,
- Prospective applicants were given a period of ten (10) weeks to prepare and submit their applications,
- Three (3) applications were submitted by the deadline,
- Independent peer review of the applications was held in September 2019,
- The RFA made $6 million available to fund approximately two (2) awards,
- The contracts are expected to begin on August 1, 2020 for a term of five (5) years.

For both abovementioned RFAs, Ms. Garavelli said that the SCIRB may vote in favor or against any application submitted for funding, and if an application for which there are available funds is not recommended for funding, the SCIRB will fully justify why the application was not approved. She stated the SCIRB could “approve, but not fund” other meritorious applications, which could become recommended awards for funding, should there be any declinations.

The SCIRB adjourned into Executive Session for the purpose of considering applications for research funding and future RFAs at 10:25 a.m. Members of the public and non-essential staff were asked to leave the room.

After discussing the research applications and future RFAs, the SCIRB reconvened in Public Session at 3:00 p.m.
Future RFA: Predoctoral and Postdoctoral Fellowships in Spinal Cord Injury Research (Round 5)

ACTION
Keith Gurgui made a motion to approve a Fellowships (Round 5) RFA, with revisions, as presented in their meeting materials during Executive Session. Dr. Grafstein seconded.

A roll call vote was taken, and the motion was unanimously approved (9-0).

SCIRB Recommendations
Dr. Mendell began the process of considering the applications in response to the PART and IDEA and TRP in Spinal Cord Injury RFAs. Ms. Garavelli announced the application number, organization, and principal investigator. A listing of the SCIRB’s recommendations are provided on pages 5-7.

In summary, the SCIRB recommended funding of $3.8 million in the form of one (1) PART and eight (8) IDEA awards. The SCIRB’s recommendations will be forwarded to the Commissioner of Health for approval.

Future RFA: Translational Research Projects (TRP) in Spinal Cord Injury (Round 4)

ACTION
Dr. Grafstein made a motion to approve a TRP (Round 4) RFA for release in 2020 and previous applicants will be allowed to respond to a prior critique in one-page or less. Fraser J. Sim, Ph.D., seconded.

A roll call vote was taken, and the motion was unanimously approved (9-0).

Future RFA: Projects to Accelerate Research Translation (PART) and Innovative, Developmental or Exploratory Activities in Spinal Cord Injury (Round 5)

ACTION
Dr. Grafstein made a motion to approve a PART & IDEA (Round 5) RFA for release in 2020. Dr. Faber seconded.

A roll call vote was taken, and the motion was unanimously approved (9-0).

Future NYS SCI Research Symposium

ACTION
Dr. Mendell made a motion for the DOH staff to begin planning a future NYS SCI Research Symposium in 2021 with a scientific committee, comprised of SCIRB members. Adam B. Stein, M.D., seconded.

A roll call vote was taken, and the motion was unanimously approved (9-0).

Public Comment
No members of the public provided a written statement and there was no public comment.
Future Meeting & Adjournment
At its next meeting, the SCIRB will consider applications for funding two (2) SCI Research RFAs: Projects to Accelerate Research Translation and Innovative, Developmental or Exploratory Activities in SCI and Translational Research Projects in SCI. Dr. Mendell thanked members of the SCIRB, public and DOH staff for attending. The meeting was adjourned at 3:45 p.m.
PART and IDEA (Round 4)
$3.8 million in the form of one (1) PART and eight (8) IDEA awards were recommended.
Projects are three (3) years for PART awards and two (2) years for IDEA awards.

**TRP in Spinal Cord Injury (Round 3)**

Zero (0) TRP awards were recommended; however, the SCIRB will release the next TRP in Spinal Cord Injury (Round 4) RFA in 2020 and encourages applicants to resubmit their projects with revisions in response to the peer review critiques.
